A screenshot of a code editor interface, likely Visual Studio Code, displaying a project titled "WEATHER-DATA-VISUALIZER-A...".

The top bar shows the menu: File, Edit, Selection, View, Go, Run, Terminal, Help.

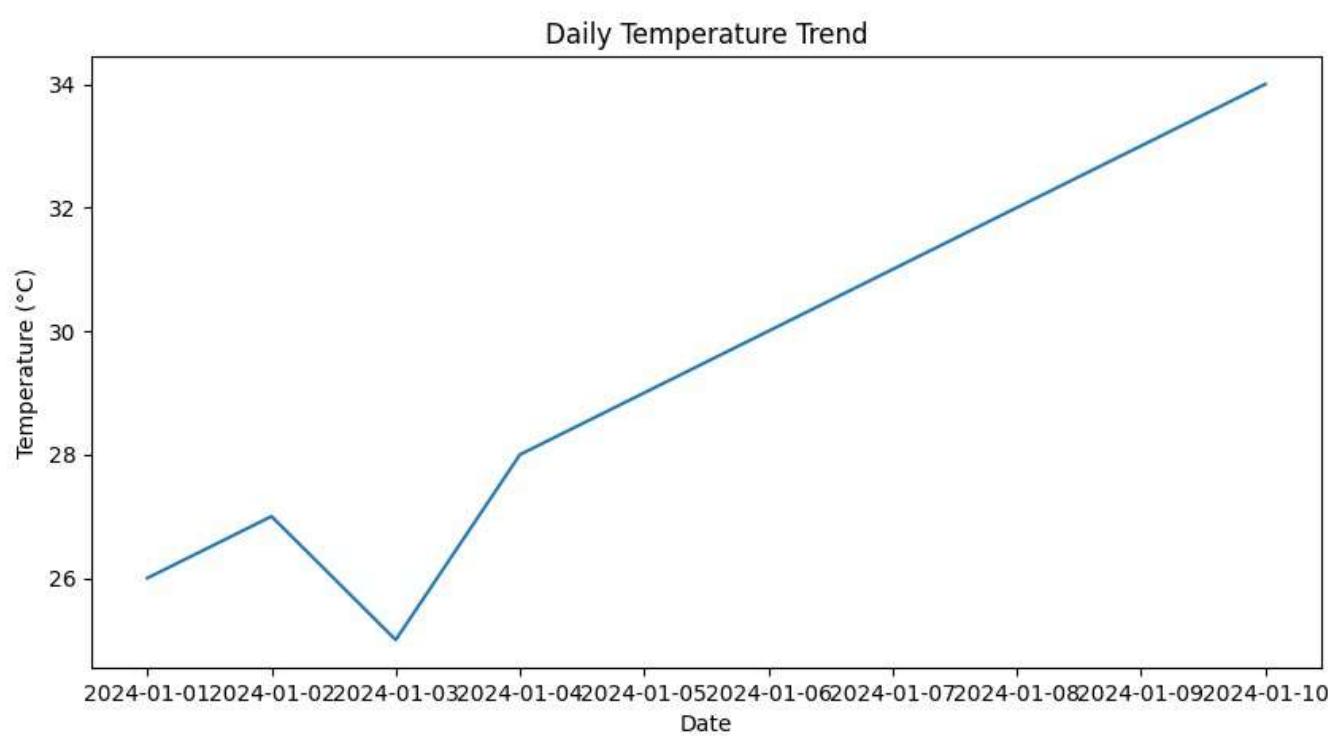

The title bar indicates the current file is "weather_visualizer.py".

The Explorer sidebar on the left lists the project files:

- cleaned_weather.csv
- combined_plot.png
- daily_temperature.png
- daily_weather_data.csv
- humidity_vs_temperature.png
- monthly_rainfall.png
- monthly_summary.csv
- weather_visualizer.py

The main editor area shows the content of "monthly_summary.csv":

```
month,temperature,rainfall,humidity
1,29.5,16,78.0
```

Monthly Rainfall Totals
